Attention:

Dear Mr. Di Bella,

Congratulations to you and all employees at Florida Precision for the delivery on schedule, of the hardware for the ETS program.

The parts have been through our review and have passed the critical quality standards imposed.

The delivery of this hardware is of great significance in enabling us to meet our program requirements.

We at Bendix appreciate your efforts and look forward to a continuous working relationship in the future.

Sincerely yours,

Tom Lavin
Manager of Special Projects
