Dear Mr. Di Bella:

On behalf of AlliedSignal Aerospace, I would like to thank you for your successful completion of our most recent purchase order. The precision components you produced for the ORSA program were delivered on time, without defects. This was a significant achievement, considering the short lead times we imposed and the complexity of the parts involved.

We have come to expect such performance from Florida Precision, based on our experience over the past 20 years, during which you have consistently met your commitments to us. You continue to be a quality supplier and valued partner on programs critical to the national interest. Your expertise and responsiveness have enabled AlliedSignal to maintain its position in this very challenging market place.

With your help, we look forward to continued success and we wish you the same.

Sincerely yours,

Robert J. Sgambati
Engineering Manager
ORSA Program
