ENVIRO VORAXIAL TECHNOLOGY TO IMPLEMENT NATIONWIDE PUBLIC RELATIONS PROGRAM

FORT LAUDERDALE, FL.--(PRNewswire)— Feb. 4, 2004 Enviro Voraxial Technology, Inc. (OTCBB: EVTN) announced today it has retained Mirador Consulting, Inc., a Florida based corporate consulting firm, to establish a nationwide investor relations campaign.

Under the agreement, Mirador Consulting shall implement a five-part investor relations program including stockbroker relations, media relations, shareholder/investor communications and internet coverage.

Mirador Consulting is a full-service corporate consulting firm specializing in micro-cap and middle market NASDAQ-listed companies. Mirador helps to provide nationwide representation to members of the investment community.

About Enviro Voraxial Technology

Enviro Voraxial Technology, Inc.'s patented Voraxial Separator is a continuous flow turbo machine that efficiently separates mixtures of fluids or fluids and solids at extremely high flow rates while achieving very high levels of purity. The Voraxial Separator technology is scaleable and nearly universal in its implementation, thus making it applicable to almost any industry separation process. The technological superiority of the Voraxial Separator over conventional technologies is in its ability to produce a real-time, high "g" centrifugal force to yield a high-purity product or products at a volume of 8 to over 10,000 gallons per minute. EVTN has and is continuing to develop and market its Voraxial Separator as stand-alone technology as well as incorporate it into self-contained, complete treatment systems for multiple applications.
